1. Are you aware that condoms are currently available to prisoners in jail in San Francisco?
2. If so, do you know how that program work(s)?
3. Are you aware of any problems caused by condoms in jails? In this jail?
4. Do you think it is a good idea to distribute condoms in jail generally? Why or why not?
5. Do you think there is a better way to provide prisoners accessed to condoms than is currently operating in this jail system? If so, what might that be and why would it be better?
6. Based on your experience, how often do you think sexual activity occurs in this jail? Tell me about how and under what circumstances you think people have sex in jail – is it a few people having a little/lot of sex, lots of people often/occasionally having sex, or something else?
7. Are you in favor or against providing jail inmates condoms? Why or why not?
